Electrical and Electronics Engineering

Work History

Student

07/2017 to 09/2017

General Assembly Washington DC – Washington, DC

General Assembly The WDI (Web Development Immersive) is a full-time 12-week intensive programming Bootcamp covering the full-stack, with the goal of preparing students with a solid skill set to enter the workforce as trained developers through over 500+ hours of in-class instruction. Four projects are coded and completed by end of the program using Agile development in one week sprints per project.

Sales Consultant

02/2017 to 05/2017

Bill Luke Chrysler Jeep Dodge Ram – Phoenix, AZ

I developed buyers by maintained rapport with previous customers, suggesting trade-ins, meeting prospects at community activities, greeting drop-ins, responding to inquiries, recommending sales campaigns and promotions.
